ALL STANDARD SEWING MACHINES.

The time has come when every family should

May 19, 1870-ly.The time has come when every family should
have a Sewing Machine. Buy a good one and it
will last a lifetime. We know that some machines
are advertised "40 per cent cheaper than any other
first-class machine." But such machines are
never used—never run—never will be. "First-class"
machines look out for strange dreams.
We sell none but such as have a national reputa-
tion. Not such as are sold to-day to be thrown
away to-morrow, and the agent gone, gone! We
sell you one of those that can sleep easy, but
if you buy any of those cheap "40 per cent ma-
chines," look out for strange dreams.
From us, and our agents, you can buy the cheap-

Smile When Ever You Can.

BY KATE CAMERON
When things don't go to suit you,
And the world seems up side down,
Don't waste your time in fretting,
But drive away that frown;
Since life is oft perplexing,
It is the wisest plan
To bear all trials bravely,
And smile when'er you can.Why should you dread to-morrow
And thus spoil your time to-day?
For when you borrow trouble
You always have to pay.
It is a good old maxim,
Which should be often preached:
Don't cross the bridge before you
Till the bridge is reached.You might be spared much sighing,
If you would keep in mind
The thought, that good and evil
Are always here combined.
There must be something wanting,
And though you roll in wealth,
You may miss from your pocket
That precious jewel—Health!And though you're strong and sturdy
You may have an empty purse;
(And earth has many trials,
Which I consider worse.)
But whether joy or sorrow
Fill up your mortal cup,
'Twill make your pathway brighter
To smile when'er you can!THE REPUBLICAN PARTY AND
ITS POSITION.The Cincinnati Gazette makes the
following magnificent, unmeasurable
defense of the Republican party.
We commend its perusal to our in-
telligent readers:Congress has adjourned after a
long and laborious session. Its
measures are before the country,
and to be discussed in the coming
Congressional elections. They are
too clearly and positively taken to
be misunderstood; and the Republi-
can party is willing to be tried on
its conduct and its principles, be-
fore the people and before the world.Let us look briefly at what the Re-
publican party has done, and where
it stands. Coming out of a great
war, in which the republic was saved
from disunion, and preserved as a
bulwark to the liberties of mankind,
the Republican party had before it
great objects, not less important in
peace than those it had obtained in
war. Look back five years (five
years is a very brief time) and
see how faithfully and completely
it has accomplished those
objects. What were they? The
Confederate, or rebel States, were
literally in ruins! These ruins had
to be reconstructed, and those
States brought up to their original
prosperity. Slavery had been de-
stroyed; but the slave remained
without protection, and on all sides
he was surrounded by armed men,
who threatened, amidst the greatest
outrages, his life, liberty and prop-
erty.The freedman must be protected
and put in the way to become a
good citizen. Then the financial
condition was such that even Amer-
ica, almost despaired of it, while
the financiers of Europe deemed it
impossible we should recover from
our burden of debt and taxation. It
was a great, almost insoluble prob-
lem to restore the finances of the
United States. Yet, it has been
done, and this problem is so far
solved that now no one doubts the
country will pay every dollar of its
debts and in due time return to a
moderate taxation. These were
problems before the Republican
party, and now let us see in what
mode they have been solved. We
undertake to say, and defy contra-
diction, that five years of such tri-
umphant success has never attended
a political party in this or any other
